*This program is open to clubs, groups, and organizations or individuals located within North America ONLY.

Features of the DR-2X repeater

- Dual-band repeater is equipped with VHF and UHF Amateur radio bands.
- AMS (auto mode select) feature can relay both C4FM and Analog FM signals.
- GPS information can be transmitted in the C4FM digital modes
- Using DG-ID, the system manager can control some repeater settings remotely.
- Option to use the HRI-200 for linking to WiRES-X. *PC is required.
- Option to use with the LAN-01A for direct internet linking. *LAN-01A is not necessary for WiRES-X operation.

Features of the LAN Unit LAN-01A

- Allows you to build an IMRS (internet-linked Multi-site Repeater System) and easily manage a network of multiple connected repeaters.
- Allows you to link up to 99 repeaters as part of a private network
- Uses DG-IDs to navigate to and link different groups of repeaters
- Requires only an internet connection. Does not require a separate PC except for initial programming of the LAN-01A board.
- LAN-01A is not necessary for the WiRES-X operation.

System Fusion Repeater Installation Program

Terms and Conditions – Effective Sept 25, 2024

The System Fusion Repeater Installation Program is based upon the following Terms and Conditions:

- **You must agree not to resell, sell, or trade any hardware for at least 1 year.**
- **You must agree to place the repeater on the air operating in the area listed on your application.**
- **Repeater must be on the air for a total of 12 months (1 year) in total length.**
- **Warranty is non-transferable and applies to original purchaser only (signature) of the application/ order form.**
- If you fail to agree with the requirements or have failed/not met the requirements with past program purchases, your participation in the program may not be granted.

- Pricing and Terms and Conditions are to subject to change, and this program may end without advance notice.

- This program is open to clubs, groups, organizations, or individuals located **within North America ONLY.**

- Please **only submit one form per one repeater purchase** (E-mail, Fax, or Postal Mail are accepted. Preferred method is via email). ***DO NOT SEND MULTIPLE COPIES OF THE SAME APPLICATION.**

- You may purchase as many repeaters as you would like through this program. Each repeater must adhere to the program requirements as listed above.

- Please provide the requested information on the application and order form along with an authorized signature agreeing to terms and conditions. Failure to provide all information may cause a delay in processing an application/ order.

- Each application and order are manually reviewed and approved/denied within a business week of being received to the program address.

- Completion of this form does not guarantee participation or automatic approval within the program.

- All applicants will receive a confirmation or denial (with reason stated) for each application submitted. (All decisions for program participation are final).

- ***Please allow up to 14 weeks for processing and delivery of the repeater.***

- We accept the following payment methods: Visa, Mastercard, American Express, Check or Money Order. You will not be charged until the order is shipped. (Note: If payment is via Check, the repeater will not be shipped until the funds have cleared the bank).

- Any return and cancel requests are to be handled subject to the Yaesu return policy, which can be obtained by contacting Yaesu directly.
